Inspiração

A coleção Sunblow é a união entre leveza, resistência e sofisticação.

Desenvolvida com fibras 100% poliéster tinto em massa, oferece cores vibrantes e duradouras que mantêm sua beleza mesmo sob sol, umidade e desgaste do tempo.

Com texturas envolventes e uma paleta inspirada na delicadeza dos dias ensolarados, Sunblow transforma espaços internos e externos com suavidade, elegância e presença.

Mais do que tecidos, Sunblow é luz, conforto e estilo atemporal — para projetos que valorizam durabilidade com expressão visual.

Inspiración

La colección Sunblow une ligereza, resistencia y sofisticación.

Desarrollado con fibras de poliéster 100% teñidas en masa, ofrece colores vibrantes y duraderos que mantienen su belleza incluso bajo el sol, la humedad y el desgaste.

Con texturas envolventes y una paleta inspirada en la delicadeza de los días soleados, Sunblow transforma ambientes interiores y exteriores con elegancia, suavidad y presencia.

Más que telas, Sunblow es luz, confort y estilo atemporal — pensada para proyectos que valoran durabilidad con expresión visual.

Inspiration

The Sunblow Collection unites lightness, strength, and sophistication.

Developed with 100% mass-dyed polyester fibers, it offers vibrant and long-lasting colors that maintain their beauty even under sun, humidity and wear and tear.

With inviting textures and a palette inspired by the softness of sunny days, Sunblow transforms indoor and outdoor spaces with elegance, comfort, and character.

More than just fabrics, Sunblow is light, comfort, and timeless style — made for projects that value durability with visual expression.

Informações Técnicas

Información Técnica / Technical Information

Tecnologia e Inovação

Produzida com fibras acrílicas tinto em massa, garante cores mais intensas, uniformes e resistentes ao desbotamento.

Tecnología e Innovación

Fabricado con fibras acrílicas teñidas en masa para colores más intensos, uniformes y resistentes al desgaste.

Technology & Innovation

Made with solution-dyed acrylic fibers for deeper, more even colors and superior resistance to fading.

Resistência e Durabilidade

Desenvolvida para uso interno e externo, com excelente desempenho contra sol, umidade e desgaste do tempo.

Resistencia y Durabilidad

Diseñado para uso interior y exterior, con excelente desempeño ante el sol, la humedad y el uso diario.

Resistance & Durability

Designed for indoor and outdoor use, with excellent performance against sun, humidity, and everyday wear.

Conforto e Sofisticação

Toque macio, visual elegante e paleta versátil para valorizar projetos com leveza e autenticidade.

Confort y Sofisticación

Tacto suave, estética refinada y paleta versátil que aporta ligereza y autenticidad a los espacios.

Comfort & Sophistication

Soft touch, refined look and a versatile palette that brings lightness and character to every space.

SUNBLOW

Sustentabilidade e Compromisso

Processo produtivo com menor uso de água e químicos. Certificações que reforçam a responsabilidade ambiental.

Sostenibilidad y Compromiso

Proceso productivo con menor uso de agua y químicos, y certificaciones que refuerzan el compromiso ambiental.

Sustainability & Commitment

Fabricado con fibras acrílicas teñidas en masa para colores más intensos, uniformes y resistentes al desgaste.
